LAST REFERENCE.

Letter No. 4045/392 dated 11th June 1894

from the Excise Comm" in Mysore

The whole of the records of the two Cases have not been sent up or even any part thereof. This should have been done both the files were necessary to give an insight into all the facts of the two cases

2. In making sales under the new system, the word "Pyke" is invariably used when assigning Vana.

3. All Farmers under the new system were distinctly

told at the time of sale by the Special Officers that they were only entitled to as many bears as were necessarily needed to meet their actual wants and no more. This was the foundation stone on which the new system was started & worked on

4 When the bears at the disposal of Govt were inadequate all the Farmers were distinctly given to understand at the time of sale by the Special Officers that any deficiency must be made up by arrangements with Zilladars, by import from H. H's territory, &c, according to Manual.

5 It should be ascertained and reported if (1) the Solur Jirka Farmers absolutely needed, and actually utilized the whole of the 8000 bears of the Baggungeri Vana and (2) why the Amildars of the two Taluks did not meet and arrange for an equitable distribution of the bears loads to cover the

wants of the two Farmers,
As under the New System,
no single Farmer had any
right or claim to more bulls
than were absolutely needed
to meet his wants, and any
assignments made to him
6 As the Velavan Farmer
Thinniah sub-let his farm
at a profit, and that farm
was actually worked at such
profit, so as to cover both the
Vend Farmer's profit and also
the profit to the Chitmidars
independent of the Bargunger
Vana, it is self-evident that
the mere assignment of that
Vana was superfluous, and
that the alleged initial loss
must have been recovered without
doubt as if one set of men
could work the Farm with
profit, it is conclusive the
other similarly circumstanced
could do likewise. This, e-
Coupled with the lines under
which the new System has been
worked as set forth in paras
2, 3 & 4 above bars any claim for
Compensation of the Plaintiff

dicated.

The mere assignment of surplus trees, or a whole Vana in excess of actual wants, was to guard against any contingency or short-assignment, but as such surplus was not actually necessary, the mere fact of the farmers not being placed in possession thereof cannot probably form a basis for compensation for loss, when it has been shown, the farm could, and was actually cultivated by another set of men, independent of that surplus, at a double profit.

The figures given in para of out-turn & profits have evidently been underestimated the yield per tree will depend the kind of land the trees are growing on, West lands will yield as much as 10 seers per tree. The Asst Comr named should have gathered data of actual yield & consumption and based his figures on average out-turn per tree which included all kinds of lands as in the estimate in my note quoted

W.R. the past & current year

thus showing a

above in this case

9 The Deputy Comr should be directed therefore forthwith to recover the whole amount outstanding.

10 Communication of Note
The 3rd Comr directed the return of the
R/V Records in the two cases to be called
for. This was done & the Records have
come to hand. But the Sale Deeds are wanting.
& List of Vanas applied for at the time of Sale.

11 In the Nelavangala Talooks
Anuthikatta the word "Oya" has been
inserted but in the Map this important
has been unfortunately been omitted.

12 - The above enquiries support
the defaulters assertion that Govt broke
faith with him & did not give him the
Vanas promised & entered in his Anuthikatta

13 The defaulter submitted his
Talooks at a profit which conclusively
shows that it was fully capable of being
worked independent of the disputed Vanas
of Bujangiri

14. The defaulter owes Govt
Rs 276 now for which the Dy: Surr
submits a recovery statement

15. In addition to the above the
Dy: Surr raised recovery of Rs 552-8-0
on the understanding that if Govt decided
the Talooks was entitled to compensation
to the encroachments he should be refunded & the amt
has been accordingly received & credited
to Govt. The Dy: Surr suggests that for
the breach of promise by Govt Rs 276-4
or the amount of the encroachments which
Rs in addition be refunded to the
Talooks

A summons stating is put up for Rs 276-4-0

A Reporter bill for a further sum of Rs 276-4-0 is also put up.

Sir

With reference to your official Memo Petition No 1156 dated 9/11 March 1893, forwarding me a petition from Timmiah, Toddy Vend Farmer, Jamagondlu, Nelamangala Taluk, praying for remission of a portion of the Toddy Rental payable by him to Government, on the ground that certain date grove promised him at the time of the sales of the Farms, was not made over to him, I have the honor to forward herewith, copy of the marginally noted correspondence. It will be seen from the Deputy Commissioner's report (and I have verified it from the records of the "Special officers") that Timmiah was promised a portion of the Bagasigere grove in the Magady Taluk, but

1. Letter No A 268, dated 26th March 1894, from the Deputy Commissioner, Bangalore
2. Docket No 3640/204, dated 30th March 1894, to ditto
3. Docket No 363, dated 4th June 1894, from ditto

and that he was not in possession of it, the whole of Baganigare grove having been already assigned to Solur Sarim in the Magady taluk. Under such circumstances, I beg to recommend the remission of the arrears of Rs 276-4-0 due by the said Timmiah for 1892-93, as per Deputy Commissioner's Remission Statement herewith sent, and also, a refund of one moiety this Khist viz Rs. 276-4-0 as per accompanying Refund Bill in his favor to compensate him for the loss he has sustained as explained by the Deputy Commissioner, owing to a portion of the Baganigare grove not having been made over to him.

From

Mir Shujaet Ali Khan Esq: C.S.
Deputy Commissioner

To

C. Ricketts Esqre
Excise Commissioner, of Mysore
Bangalore.

Sir,

Messrs Mc Donnell and Gopalayengar, Special Excise Assistant Commissioners held the Toddy Sales in the Magadi Taluk on the 18th November 1891, in the course of which one Mudda Nanjappa bought the Solur Arika to which the officers conducting the sale assigned 5, the whole of the Baganagiri Vanam, situated near the Kunigal Vanams and containing about 8000 Date trees. On the following day i.e. the 19th November 1891, the Sales of the

Vanams

farms in the Nelumangala Taluk were sold. On the promise that a portion of the Bagamagiri varam would be assigned to the Nelumangala Purka Sunnia purchased the farm for a rental of Rs 276-4 0 a month. It does not appear from the records that he was at the time of sale or had been previously informed that the Bagamagiri varam had been already wholly assigned to another renter. In the course of the year Sunniah repeatedly sought by petitions to obtain possession of a portion of the Bagamagiri varam; and as persistently the Salem Renter refused to give up any portion.

Sunniah worked the farm for months and then sublet it at a rent of Rs 14 a month. It is in these months that Sunniah claims some loss.

Sunniah's farm had besides a portion of the Bagamagiri varam,

three

three other vanams viz Gondagere, Gondahally and Manthalu which have been inspected by Mr. Laing Meason, Assistant Commissioner, who reports that 292 trees were tapped in the above three vanams. Mr. Laing Meason thinks that though the vanam. had more trees, they were either immature or had been tapped in previous years and were not fit to be tapped

4. According to Mr. Mc. Donnell's circular, the average yield of a Date tree is 3½ gadas for one season. Thus the yield of the trees tapped by Ammiah was in round numbers 1200 gadas.

5. The Pirka consisted of five stops one at Nelamangala and four in villages. The maximum and minimum rates for Nelamangala were one anna three pies and ten pies respectively, and those for villages one anna and eight pies respectively

The

The gross value of 1200 ghadas at the various rates is Rs 2250, Rs 1800, Rs 1500 and Rs 1200. The cost of tapping carriage and rent may be taken at Rs 400. The net income may be estimated at Rs 1500. But the renters rental amounted to Rs 3315-0-0. The Petitioner however all along claimed a loss of Rs 828. He is still in arrears to the extent of Rs 276-4-0 the collection of which I have ordered to be kept in abeyance. This amount if any rate should be remitted, and I have the honor to request that you will obtain the sanction of the Government to it. As for the rent Rs 552-8-0 I was recommended under my orders on the understanding that if the Petitioner was found entitled to the concession he prayed for this amount would be refunded to him. The Petitioner worked the farm in April, May, June and July and

for

farms in the Nelamangala Taluk were sold. On the promise that a portion of the Bagamagiri varam would be assigned to the Nelamangala Portion one Simmia purchased the farm for a rental of Rs 276-4 0 a month It does not appear from the records that he was at the time of Sale or had been previously informed that the Bagamagiri Varam had been already wholly assigned to another portion In the course of the year Simmiah repeatedly sought by petitions to obtain possession of a portion of the Bagamagiri varam; and as persistently he Salem Renter refused to give up any portion

Simmiah worked the farm for months and then sublet it at a profit of Rs 14 a month. It is for these four months that Simmiah claims have lost

Simmiah's farm had besides a portion of the Bagamagiri varam,

three

Gondahally and Manthalu which have been inspected by Mr. Laing Mason, Assistant Commissioner, who reports that 292 trees were tapped in the above three vanams. Mr. Laing Mason thinks that though the vanams had more trees, they were either in immature or had been tapped in previous years and were not fit to be tapped.

4. According to Mr. Mc. Donnell's circular, the average yield of a Date tree is 3½ gadas for one season. i.e. Thus the yield of the trees tapped by Ammiah was ascertained numbers 1200 gadas.

5. The Pirka consisted of five viz. one at Velamangala and four in villages. The maximum and minimum rates for Velamangala were one anna three pies and two pies respectively, and those for villages one anna and eight pies respectively.

The

The gross value of 1200 ghadas at the
various rates is Rs 2250, Rs 1800,
Rs 1600 and Rs 1200. The cost
of tapping carriage and rent
may be taken at Rs 400. The net
income may be estimated at
Rs 1500. But the renters rental e-
mounted to Rs 3315- 4- 0. The
Petitioner however all along claimed
a loss of Rs 838. 2 He is still in
arrears to the extent of Rs 276-4-"
the collection of which I have ordered
to be kept in abeyance. This amount
if any rate should be remitted,
and I have the honor to request
that you will obtain the sanction
of the Government to it. As for the
rest Rs 552 8-0 was remitted
under my orders on the understanding
that if the Petitioner was found entitled
to the concession he prayed for this
amount would be refunded to him
The Petitioner worked the farm in
April, May, June and July and
for

for subsequent months the sub lessee could pay him a profit of Rs/4 a month Probably these men supplemented the supply from the Government ranges from other sources, which the Petitioners did not do. For the breach of promise on our part, the Petitioner is entitled to some compensation, which all things considered, may, I think be assessed at two months' rent? I have already recommended the remission of one months, and if you agree with me, I shall send a refund application for the other months viz Rs 276-4-0.

The records connected with the subject are enclosed.

No. 1674 / 131 Bangalore 16th September 1896. / 16th

From The Excise Commissioner in Mysore

To The Secretary to the Government of Mysore Revenue and General Departments

Sir,

In reply to your docket — No. 10 / 8x, dated the 22nd September 1895, I have the honor to state that the Deputy Commissioner Bangalore District, reports in his docket No. 126, dated the 14th instant, — that the amount of arrears due by Thimmiah, Toddy Vend Farmer of Kelamangala for 1892-93, is only Rs 276-4- inclusive of local cess, viz one month's kist, and to recommend therefore that it may be ordered to be written off the accounts as promised by Government.

2. The said Thimmiah still

claims

claims the remission of two months' thirst, but the Deputy Commissioner is of opinion, (and I agree with him) that the remission of one month's thirst is ample.

I have the honor to be,
Sir,
Your most obedient servant
B. Burnaby
Executive Commissioner
in Mysore.

SERIAL No. 8

Read:-

Correspondence ending with letter No. 1674/131 dated 16th September 96 from the Excise Commissioner in re the remission of Rs 276-4-0 being the amount of one month's instalment including local cess, due from Timmiah Toddy Vend Farmer of the Thyamagondlu circle, Nelamangala Taluk for 92-93..

Order thereon

One Timmiah purchased the Toddy Vend Farm of the Thyamagondlu circle Nelamangla Taluk for 1892-93, and an arrear of Rs 276-4-0 is still outstanding against him.

2 The Farmer claims compensation to the extent of Rs 500/- on the ground of an alleged loss sustained by him of the Banigera Grove not

not having been made over to him

3. Government observe that- beyond certain vague and general statements made by the Farmer, there is nothing on record to substantiate his statement- On the contrary during the last- 8 months of the year, the farm appears even to have been worked with some profit, a fact which goes far towards disproving the alleged loss during the rest of the period.

4. A claim for compensation advanced under such circum- stances is, therefore, palpably weak - But having regard to the fact, that a portion of a grove promised, though in excess of- his wants, was not actually made over to him, the Government are not disposed to overrule the Excise Commissioner's recommend- ation and are accordingly pleased as an act of grace, to sanction the remission of Rs 276-4-0, being the arrears still due from the Farmer.
